The Intersect Group Achieves Record Results

ATLANTA—(July 12, 2007)—The Intersect Group, a leading provider of Information Technology and Finance and Accounting project, and staffing services to the Atlanta market announced today that it has reached a \$12.0 million revenue run rate in less than 18 months from its inception. Intersect currently has over 20 full time employees supported by over 100 consultants working on engagements with some of Atlanta’s leading companies.

“We attribute the growth in our business to the excellence of our employees and consultants and our underlying culture of legendary service. Since we opened in January 2006, we have brought together a very experienced team to serve the IT resource needs of our clients, said Dan Duffy, President of the Information Technology division. Duffy continued, “We are seeing a high demand for software development, QA/test, and project managers at our larger clients while our mid-market clients remain interested in leadership talent.”

Scott Meyerhoff, President Finance and Accounting division commented, “We continue to drive our practice by leading with experienced executive level finance professionals coupled with a powerful recruiting engine that allows us to provide turnkey project management, interim executive outsourcing, or staff augmentation and permanent placement. Additionally we have recently been very successful serving private equity firms and mezzanine lenders in completing due diligence reviews and quality of earnings analysis of merger targets as the M&A environment remains strong.”

Headquartered in Atlanta, The Intersect Group’s goal is to differentiate itself as the premier flexible professional services firm offering a single source solution of information technology and finance/accounting expertise. The Company’s unique mix of experienced professionals on staff coupled with a focused recruiting engine allows the Company to offer superior and flexible solutions to its corporate and private equity clients.
